

Block S Features Duaine

Music of Dick Duaine's Orchestra will be featured at next Friday's Block "S" dance, following the S.J.C.-Menlo J.C. basketball game. The game with Menlo Junior College will be the last league tilt of the season. Dancing will begin immediately after the game and will continue until 1 o'clock.

Advance ticket sales started on Wednesday and tickets may still be procured from any Block "S" member, for \$1 per couple. Stag tickets will be sold at the door only, for 74 cents.

Dance chairman, Hal Hunter, promises a door prize and intermission entertainment put out by the Block "S" boys.

Inasmuch as Menlo is a school for boys, the Block "S" Society urges as many stag girls as possible to attend the dance, as several Menlo students are anticipated.

SJC Girls Get Training With Pay

On the job training is being provided—with pay—for students completing their training as stenographers and secretaries at Salinas Junior College.

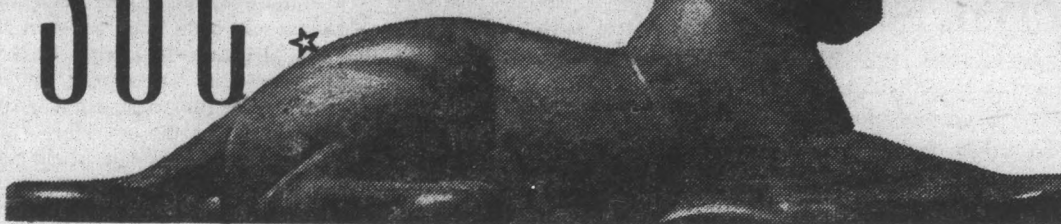

Under the watchful eye of Mrs. Anne Harper, commercial instructor, some 14 girls are working in offices of Salinas public schools and the Monterey County Superintendent of Schools' office. The girls do all types of secretarial and office work, gaining valuable experience which they can use upon completion of their commercial program.

The program was started on a small scale last fall and is still in the experimental stages. Only schools are being used. Present success of the program indicates that students may be available for commercial establishments next fall.

Students work either a full morning or a full afternoon. While working, they receive 75 cents an hour and six units of college credit. During the other half of the day they take regular college courses.

Girls doing this type of work are Charlotte Dawson, Doris Sakasagawa, Patria Morales, Gloria Jean Maglenty, Nellie Bernice Collie, Marjorie Hicks, Joan Shonsby, Audrey Sumner, Arlyne Abe, Alberta Paculba, Marie Rappa, Lila Thompson, Janice Lund, and Muriel Erickson.

Laughton Heads UGC Picnic Move

Eula Laughton, chairman of the annual U.G.C. picnic, reports that a tentative date of Saturday, May 15, has been set for this year's picnic. The faculty has insisted that it be held on a Saturday instead of a school day.

Suggestions are welcome as to the locale of the picnic. Some that have already been submitted are: Forest Pool, Big Sur, Uvas Dam, and Arroyo Seco.

The food for the picnic will be supplied by the U.G.C. Committees will be chosen at the next meeting.

Art Club Sale Take To Pay For Lecturer

Proceeds from the sale of the paintings now on display in the art gallery will pay for a lecture to be given Wednesday, March 3, by the famous American artist, Millard Sheets. The lecture will be given in the Little Theater at 10 a.m.

The exhibition consists of paintings by Salinas Junior College's art majors and several works by Mr. Leon Amyx. A few were painted by last semester students.

Mr. Sheets is widely experienced as a lecturer on city plan-

(Continued on Page 2)

Stanford Aptitude Test Wednesday

Junior college and high school students from Salinas who plan to enter Stanford this fall should plan to take the Stanford aptitude test on February 25. The test will be given from 9 a.m. to noon in room 7 of the junior college.

Passage of the test is required for all students who enter the university as undergraduates. A fee of \$5 is charged for administration of the test.

Pay Upped For Vet Students

The source of the many smiles seen on the faces of campus vets is probably due to the raise in government subsistence for students studying under the G.I. Bill. Effective in April, single vets will receive \$75 checks each month while those with one dependent will have their monthly allowance increased from \$90 to \$105.

Another financial break for students studying under Public Law 346 at S.J.C. was the refund of \$5 from last semester's student body fees. All vets qualifying for this refund should call at the main office immediately, announced Mr. Karl Bengston, comptroller and registrar.

If the veterans' administration refunds the money for this semester's student body some time during the current semester it will be refunded to the students immediately. Mr. Bengston also revealed that if the money should arrive after the close of school it will be mailed to the veterans in the form of checks.

SJC Transfers Raise Grades At UCLA

President John B. Lemos announced that Salinas Junior College students who have transferred to the University of California at Los Angeles have continued to maintain the same grade point average at U.C.L.A. as they attained at Salinas J.C.

Figures reveal that the students earned slightly better grades at U.C.L.A. than locally. Grades of former Salinas J.C. students who transferred to U.C.L.A. in the fall of 1946 or the spring semester of 1947 were received at the college this week.

At U.C.L.A., a 2.10 average was earned by the students, while attending Salinas J.C. the grade-point average was 2.04. Both of these averages are slightly better than a straight "B" average.

Commission Gets Regli's Budget

The fate of the junior varsity baseball team was one of the main topics under discussion at Tuesday's meeting of the student commission. Coach Jess Regli presented to the commissioners a tentative budget of \$1,586.25, none of which, Coach Regli explained, could be cut out and still have a baseball team.

Of this total, \$176.75 is needed for the junior varsity and the remaining \$1,409.50 for the varsity squad. Mr. Regli pointed out that we were very fortunate in having received \$472.00 worth of equipment from the school district which would otherwise have had to be purchased by the student body.

An unallotted balance on the student body books of \$165.45 was allotted to the baseball fund and the rest will have to be raised by some other means.

One method of raising the money would be to charge admission to all the home baseball games, and Vice-President Charles Mornard has undertaken the job of investigating the possibilities of such a plan.

FINANCIAL TROUBLE

Finances seemed to be the main troubles of the commission this week because in addition to the baseball finances under discussion, the need of raising \$50 for the Pomona Glee Club presented another problem. The total cost of presenting the glee club will be \$100, but \$50.00 has been taken out of the social activities allot-

(Continued on Page 2)

'48 Grads Must File Applications

All students who plan to graduate from S.J.C. this June must file applications with the main office immediately. If you fail to file an application, you will not be able to graduate.

Graduation candidates are also urged to watch the bulletin board for up-to-date lists of those eligible for graduation as the lists will be changing from week to week.

Cafeteria Prices Raised

Announcements this week from the office of S.J.C. comptroller Karl Bengston revealed a raise in cafeteria prices effective on March 1.

Rising food costs have made it necessary to up the prevailing prices. The cafeteria is a non-profit organization and the basis of operation is that of making ends meet. The steep incline in food costs has made this impossible under the present price schedule and as a result the cafeteria showed a loss of over \$200 in the month of January.

Only five items will be affected by the price change with hot plates jumping from 40 and 50 cents to 45 and 55 cents, sandwiches from 15 to 20 cents, hot dogs from 10 to 15 cents, and milk and coffee from 5 to 10 cents.

Prices for the remainder of the year are still lower than those that were in effect for the major part of last year.

Another new feature of the cafeteria will be the sale of meal tickets starting on February 25. Five-dollar meal tickets will be sold at \$4.50 and a \$3.00 ticket will go for \$2.70. Meal tickets will also go into effect on March 1.

A comparison of prices for June, 1941, and December, 1947, will quickly show why a change in cafeteria prices is necessary. Lunch meat which sold at 17 cents per pound in 1941 has jumped to over 50 cents. A dozen eggs which sold for 78 cents a dozen last December were selling for 31 cents per dozen in 1941. The price of a loaf of bread has more than doubled, leaping from 8 to 18 cents. These rising costs can be found in practically every commodity used by the cafeteria.

If under the new arrangements it is found that a profit is being made, the cost of meal tickets will be lowered.

La Reata Pledge Cards Available

La Reata pledge cards may still be secured in Room 9, Patrick Smythe, editor, announces. The book will be issued late in May but only 500 copies are being printed for students and faculty so pledge cards should be secured at once, Smythe said.

La Reatas may be reserved by paying the full \$2.50, or paying \$1 down and the remainder in May.

Students who pay the full amount will not have to wait in line when books are issued. Those who pay \$1 down will probably have a short wait for books because of the delay necessitated by many students paying the balance due, Smythe said.

ning, architecture, and painting. He has been a designer of many homes and movie sets in Southern California. In 1941, he designed 25 airports for the United States government.

GOOD JOBS OPEN UNDER CIVIL SERVICE

Both men and women are needed in California state jobs. Civil service examinations are being given regularly, depending upon the field chosen.

There are many fields to choose from, such as typists, stenographers, intermediate clerks, several types of machine operators, assistant valuation engineers, field representatives in school planning, instructors in aircraft, mechanics, telephone operators, and many others.

Most of these are very good paying jobs, but that also depends on the occupation chosen.

Any student interested may look through the civil service position files in the occupational office in room 1.

REGLI BUDGET . . .

(Continued From Page 1)

ment and the various student clubs are being solicited for \$5 each in order to make up the difference.

J.C. MEETING PLANNED

President John Eastman also told of his hope of having a meeting of the central California section of the California Junior College Federation here at Salinas in order to discuss policy before the state meeting in Los Angeles later in the spring.

Since the northern section has already planned a meeting and the southern section is usually a solid bloc, the central section wants to be able to hold their own at the Los Angeles meeting.

Students to Help With Easter Seals

This year the commercial students will once again assist in the annual Easter Seal sales. In fact, this task has been going on annually for the past eight years according to the secretary, Mr. Claude Addison, who held the office for the last five years.

Mr. Samuel King's and Mrs. Anne Harper's typing classes are preparing all of the addresses on the envelopes. Stamping and stuffing are provided by the business and Miss Handley's classes.

When they are completed, the filing class will then take over by arranging them in alphabetical order. About 8,000 will be sent out this year. Easter Seals will go into the mail next Tuesday. This is the fifteenth annual Easter Seal Sale to help crippled children.

Summer Session For Teachers

In co-operation with the University of California, Salinas Junior College will once again accommodate teachers of Monterey, Santa Cruz, and San Benito counties with a summer session course primarily suited for teachers.

This year the summer session will be for six weeks from June 21 to July 30. It will include courses for teachers serving on emergency, special and regular credentials. A workshop, "Field Problems in Education," will permit educators to work on their own individual problems.

If a sufficient number of teachers request it, the Salinas Junior College may be able to arrange for a summer class of children which will be conducted as a part of the summer session program.

Among the courses which have been suggested are the following:

Elementary —

1. Reading and Literature in Elementary Schools — 2 units.
2. Audio-Visual Education — 2 units.
3. Social Studies in Elementary Schools — 2 units.
4. Psychology of Elementary School Subjects — 2 units.
5. Art Education in Elementary Schools — 2 units.
6. Workshop for Elementary Teachers — 2 units.
7. Guidance in Elementary Schools — 2 units.

Secondary:

1. Audio-Visual Education — 2 units.
2. Guidance and Counseling in Secondary Schools — 2 units.
3. Curriculum and Social Trends in Secondary Education — 2 units.
4. Workshop for Secondary Teachers — 2 units.
5. Advanced Art Class, 2 units.
6. Tests and Measurements — 2 units.

Campusology

By JERRY PARKER

BETTER LATE . . .

At least one jaysee student is feelin' mighty fine these days . . . Louis Scolari, one of the Gilroy Kilroys, got a nice fat check from his wealthy uncle in Washington, D.C. (Sam, that is) for all of his G.I. subsistence for last semester. How many of the rest of you guys are waitin' for the same?

Not only that, but they are paying back for the student body cards which we had to shell out the fat fee of seven shiny simoleons . . .

FIFTY-NINE AND A HALF . . .

Never know what time it is any more since they slowed down the electricity on us. I think my wrist watch has developed a sympathy with the electric clocks, because it has slowed down, too. We were told to set the clocks at 8 p.m. and they're supposed to stay all night . . . who looks at their clocks at night, anyway?

COME BACK, OH COME BACK . . .

Somebody told me the other day that they saw Mr. Anselmo and Pat Smythe down in the engineering lab comparing hair restoring formulas . . . 'course, it's just hearsay, but if they find anything good they ought to let Jim Blinkenberg in on it . . .

INFLATION . . .

I guess who ever controls the prices in the cafeteria must have read the papers over the week end, 'cause no sooner does the government raise the subsistence for the undernourished Gee-eyes than the cafeteria announces a price raise effective March 1. Hop to it, kids, you still have a few days to lay in a stock of hot plates at the present low price . . . By the way, while they're at it, how about improving that stuff they call coffee. Now that the prices are going up, perhaps they can afford to change the grounds occasionally.

LETTERMEN . . .

Heard the latest? I understand that the athletic department is going to award a block "S" to all the men pulling over 100 points in a pinochle game . . . It seems to be the favorite pastime of all the between-class loafers. There's always at least two or three games going on in the cafeteria all day long. Soon as one player leaves to go to class, there's somebody there to take his place . . . and without even missing a trick, yet.

Speaking of lettermen . . . I was promised a complimentary ticket to the Block "S" dance after the Menlo game on the 27th if I'd put in a plug . . . so let's everybody go to the dance . . . Think of the money I'll save.

Activity Girl Mary Anderson

Outstanding Girl Heads U.G.C.

Born in Cody, Nebraska, 18 years ago Sunday, this week's outstanding student shares birthday honors with George Washington.

When Mary was quite young, the Anderson family moved from Cody to Napa, California, where they remained until 1943. In that year they came to Salinas where they have lived ever since.

During her years at Salinas Union High School, Mary was outstanding in campus activities. She served as a class officer in her senior year and graduated in 1946 with honors.

Now in her sophomore year at Salinas J.C., Mary has worked hard on the social activities committee and has served as president of Upsilon Gamma Chi. An Alpha Gamma Sigma member since entering junior college, she was active in planning the successful homecoming day last fall.

Mary's plans for the future include a teaching career following her studies at San Jose State College, or University of California.

Miss Fraser Wins Acclaim as Writer

J.C. students are particularly interested in the current issue of "Seventeen" for they have discovered that behind an unusual pen name is one of the guiding spirits of our campus—Miss Faith Fraser. Her work is a three installment mystery story laid in postwar India, but alas and alack, she won't reveal any information as to what happens next.

The story, "Vanishing Palace," was suggested by a house she saw in India, which was actually disappearing, bit by bit. An American physician who stayed overnight in the house was skeptical at first, but during the middle of the night he discovered that the room in which he was sleeping was gradually being destroyed, although he couldn't see anyone doing the work.

Even though a man of science, his opinion was that the place was haunted. Many legends and tales sprung up about the place, offering not too plausible explanations of the phenomenon.

Miss Fraser is one of the six published writers in her family. Her brother-in-law, Robin Lampson, had two novels published by Scribners, and his works have also appeared in leading periodicals; his wife has had a number of poems published under the name of Margaret Fraser.

Miss Fraser's other sister, Dorothy Marvin, is a reviewer for the "Chronicle" and has recently had one of her stories reprinted. Another brother-in-law, an editor with the O.W.I. during the war and now working on a book, writes for "What's Doing," the Monterey publication. Miss Fraser's mother has also had a number of manuscripts published.

Newman Club Plans Spring Dance

Frank Oliver presided at Monday's meeting of the Newman Club in room 35. Featured as the speaker of the afternoon was Father Deegan of Salinas, who addressed the group on the authority of the church.

Oscar Burke was placed in charge of the dance which the group is planning for the near future. At present the affair is in the indefinite category.

The club will have a group communion on March 7, at Sacred Heart Church, in Salinas. All members are urged to be there.

The constitution for the Newman Club was formally adopted at Monday's meeting.

Stanford Sponsors Conference

February 20 is the opening date of the three-day student international relations conference at Stanford University with John J. Ross as featured speaker. Mr. Ross is general deputy to Ambassador Warren Austin, chief American delegate to the United Nations.

"The U. N. and You" is the general theme of the conference arranged by the Stanford Institute of International Relations, student organization.

Interspersed throughout the three-day program will be seminars on international relations problems. These seminars, led by faculty members with student moderators, will cover such issues as the international police force, the world court, atomic energy, the Marshall plan, and world government.

Westminster Club Presents Movie

"God of the Atom," a moving picture on the atomic bomb, was presented Monday, February 16, in the little theater, by the Westminster Club.

A brief meeting of the organi-

Library Offers Photography Books

Have you ever had the desire to know photography as a hobby or profession? If so, there is a large selection of books in the library under this field.

Those wanting a general knowledge of photography might find these books useful: U.S. Camera—1947-48; American Annual of Photography—1947-48; R. Capa, Slightly Out of Focus; W. Morris, The Inhabitants; M. B. Beady, Mr. Lincoln's Cameraman; A. Rogers, I Remember Distinctly.

Students wanting a background of photography will want these: NEW: F. Bond, Kodachrome and Ektachrome; E. P. Curtis, Composition in Pictures; C. Abel, Professional Portrait Lightings; A. R. Greenleaf, Chemistry for Photography. OTHERS: J. C. Lootens, Lootens on Photographic Enlarging; L. June, Photographers' Rule Book.

zation was held at that time, and President Joe Bragdon urged any interested students to join the club now. Dues have been established at 25 cents a semester.

The next meeting of the club will be sometime in March.

CAST CHANGE

One change has been made in the spring play cast with Dick Rohrbacher playing the part of "old Spettigue." Otherwise the cast remains the same.

The stage design class under the direction of Mr. Gus Whit-tager is working hard on the scenery. It will be very difficult for this stage because the play requires modern stage settings.

Baseball Schedule Released

Coach Jess Regli's baseballers play 12 baseball games this season, with seven league games being staged against teams that make up the coast league in the junior college circuit.

This season the N.C.J.C.C. is made up of schools located on the coast playing in the coast league, and schools located in the valley, that is the Sacramento Valley and San Joaquin Valley comprising the Valley League. A play-off will be held between the winners of the coast league and the valley league at the end of the season to decide who is champion of the N.C.J.C.C.

Coach Regli has released the following schedule of games to be played:

- March 5—San Jose State Frosh Here.
- March 17—Santa Clara Frosh, There.
- March 20—California Frosh, There.
- April 3—Cal Poly, There.
- *April 10—Vallejo, There.
- *April 17—Santa Rosa, There.
- *April 21—Menlo, There.
- *April 24—Menlo, Here.
- *May 1—San Mateo.

Monsters, and Sandabs Tied

Both leaders in intramural basketball play, the Little Monsters and the Santa Cruz Sandabs walked off with easy cage victories in last week's cage contests. The Little Monsters defeated Grant's Smooth Five, 39-17, to remain in the top spot.

With Jim Amos annexing 14 points in his final appearance, the Santa Cruz Sandabs pummeled the Burns' Bums, 43-16. Both the Monsters and the Sandabs are deadlocked in a first place tie with perfect records.

Despite the fact they were forced to continue with only four men, the Little Monsters piled up an impressive win over the Smooth Five. Jim Morrison, the league's most consistent point-maker, dumped in 18 points to lead the winners.

Doyle Burnett paced the Monsters during the first half, contributing 10 points to enable the victors to hold a commanding 14-6 intermission advantage.

Starting slow, the Santa Cruz Sandabs poured on the pressure to whip the Burns' Bums in last week's only other intramural clash. With Rich Rampone, Bob Lyons, and Phil Trine hitting the basket with a flurry of shots, the Sandabs had little difficulty in holding a 28-10 halftime lead.

Amos speared the majority of the seashiders' remaining digits on drive-in shots in the late stages of the battle.

MARIN CAGERS DUMP SALINAS

Marin's league-leading cage quintet made the going tough for the Salinas Junior College cagers last Friday as they strengthened their grasp on the top spot with a 59-45 triumph over the locals at Marin.

Capt. Dean Snyder and Dan Moreno provided the winners with the scoring punch in the last half to down the stubborn

Panthers Return Home Meet Yuba, Grant Here

Returning to their home court, the Salinas Junior College cagers meet the Yuba and Grant junior college quintets this Friday and Saturday in conference tilts on the jaysee hardwood. Both nights the preliminary battles will commence at 7 o'clock.

After a rather disastrous road trip, the Panthers will be to repeat against Yuba and earn revenge against the Saracens of Grant Tech. In recent games the Panthers have shown marked improvement, despite the fact they have been on the losing end most of the time.

Yuba offered little competition in their first meeting, losing 56-28. Coach Ed Adams expects the Panthers to make it two in a row without a great deal of difficulty.

Saturday night the invading Grant Tech Saracens will prove a tougher foe. It was Grant, and namely Don Lofran, that robbed the locals out of the consolation championship at the Modesto tournament. Lofran compiled the high total for the entire three-day tourney, dropping in 35 points.

BLUES RALLY WHIPS LOCALS

Salinas Junior College dropped a nonconference tilt to the California Blues, 43-32, last Saturday evening. Ken Cameron, former S.F.C.C. player, copped high-point honors for the winners with 9 points.

Salinas started off fast with Dean Dillingham and Jerry Hoagland scoring field goals to lead Panthers. Snyder garnered 20 points to head the Marin scorers.

The Panthers kept within range of the Mariners until the second half when Moreno and Snyder went on their scoring spree. Dean Dillingham placed the losers in the scoring column with 14 points.

Box Score: Salinas (45) — Dillingham (14), Hoagland (7), Miljanich, Marnach, forward; Blinkenberg (2), Whisler, center; Vidovich (11), Bohlke (5), Cracknell (6), Ottone, guards.

Basketball Tonight

The varsity cagers return to the home court this week end for a pair of league tilts. Tonight, the Panthers play host to Yuba with Grant Tech slated for tomorrow. Students are urged to turn out and root the locals back onto the victory train. Further details can be found on the sports page.

the Panthers to a momentary 11-8 advantage. The Blues came to life to garner 17 points while they halted the Panthers completely.

Russ Bohlke finally broke the scoring drought with a free throw to leave the locals trailing, 25-12, at the midway mark.

Box Score: Salinas (32) — Dillingham (7), Hoagland (10), Marnach, Miljanich, forwards; Blinkenberg, Whisler, center; Vidovich, Bohlke, (11), Cracknell (2), Ottone (2), guards.
